MEMORANDUM FOR: Director of Central Intelligence

FROM : Coordinator for Academic Relations, NFAC

SUBJECT : ~~Aspen Institute Seminar on Intelligence~~

1. Joe Jordan asked me this afternoon to pass the word to you that the Aspen people have set the date for the Intelligence seminar as 24-29 July. Joe said he was very sorry that the change from the dates you preferred was necessary but the new dates were the only days on which all the concerned Aspen people could be present and active. He said they were naturally eager for you to attend during the full period but that you would be welcome for only part of the time too.

2. Joe also said he'd talked recently to [redacted] [redacted] said that he is planning to attend the Aspen seminar and also had progress on his larger project to report. He hopes to accomplish the change of his committee name early in the summer and to start having meetings of his committee here in Washington in the early fall on his Intelligence project. Meantime, he is soliciting suggestions for the young lawyer he wants as project director. [redacted] also told Joe that he has added [redacted] to his committee.

Dear Stan:

Thank you for your note of March 16.
Robert Paulin will be receiving an Aspen
invitation, as will the others we have
discussed, as soon as the Institute gets
on top of its paperwork, which should be
shortly.

Polly and I certainly enjoyed our visit
with you and Pat and only regret that our
evening was so short; we do thank you.
We both also look forward to getting together
soon.

Yours sincerely,

Amos A. Jordan

Dear Joe,

The name of my benefactor who is putting up the ante for the Aspen conference is Mr. Robert W. Paulin. His address is: Paulin Motor Company, 2121 East Broadway, Tucson, Arizona 85703.

I would most appreciate your arranging to have him invited. I have alerted him to the possibility, though I'm not sure whether he could make it.

Pat and I thoroughly enjoyed our evening with you and Polly. It was such fun to be with you in such a stimulating time. Look forward to seeing you again soon.

Yours,

STANSFIELD TURNER

Dear Bob,

Good news! The Aspen Institute has agreed to sponsor a summer session on our topic of "Secrecy in a Democratic Society" -- or some similar title. On the one hand, this means that in due course we will be taking you up on your offer for a \$5000 contribution to help fund this effort. On the other hand, it means we will be inviting you to join at Aspen on Sunday, 30 July, for a one-week symposium on this topic. The program will end on either the 4th or 5th of August.

The way Aspen runs the program, they normally have working sessions in the morning, recreation in the afternoon, and cultural activities such as concerts in the evening. It's not a hard pace but it should be an exciting and stimulating environment. There will be 15-20 people in our symposium. I'll get you more details as time goes on but for fear that you might plan to be on the top of the Himalayas or some other place, I wanted to alert you to the dates that we are planning at this time in the hope that you'll be able to join in the discussions.

In haste, but again with thanks that your support tipped the balance here in getting the program rolling.

All the best.

Yours,

Yours,

STANSFIELD TURNER
